

# Crawling South

## Heartstreets

NOT COMPLETED

Say no words I'd never thought I see  
... Is smiling as I saw you walk away  
Turn around and let the shit play on  
You're in a rush I'm in a hurry crawling south

Crawling south  
Crawling south

Do the things I'd never thought I do  
When the bridges like the way I'm passing through  
But my ... Is... in my speech  
And your pen is ...blessings I can keep

When I feel small I call your name  
When I am small I yell your name  
When I am small I call your name  
But when I am tall, you'll feel the same

When the beat comes down  
And I lost my crown  
When they see my found and they think  
It's a ... Just upside down  
When the people laugh  
I just don't belong  
Last time I thought I did  
I was probably wrong

And I walk the streets  
And I walk to walk  
And I talk to talk  
And I'm pausing mid sentences  
But sometimes I forgot  
I know what's up  
But I'm down here, that much is clear  
Know what I want, I don't know what I want

No books on my shelves

Took down no hooks in my shell  
I don't wanna gear up and it up in hell  
In the past life ... I couldn't tell

...

life got me to weak to speak  
So... when the bottle's empty  
Glass reflection looking back at me  
And if I take the time  
To analyze the one the when the where the why  
... to my others

I find myself a bit  
I can say, now I know  
How it feel to drawn reall slow  
Know to ... he go  
Can you try to save my soul

Time goes by, loosing my head again

...just me and my...

Famlilar, familiar faces  
Spend talking/taking fortunes for favours  
Squander the chances we gave us  
I gave you  
You gave me

Crawling south  
Crawling south

When I feel small I call your name  
When I am small I yell your name  
When I am small I call your name  
But when I am tall, you'll feel the same

When I feel small I call your name  
When I am small I yell your name  
When I am small I call your name  
But when I am tall, you'll feel the same
