

# Try

## Thelonious Monster

Well, I never paid the rent  
And I never paid no telephone bill  
And I ain't never had a job  
And I'm glad and I hope I never will  
But my mom called yesterday  
She asked me how I was doin'  
I said I'm pretty good  
But I don't know if I'm gonna eat today  
I don't know if I'm gonna eat today  
But I'm gonna try...  
I'm gonna try, try, try...  
I swear to God, I'm gonna try...Well, I saw John Fogerty  
And a beautiful girl at Canters  
They were lookin' so fine  
And their lives were so together  
And me, I couldn't afford a cup of coffee  
To cure my hangover  
And ya know, it made me think  
Lord, it made me think  
About everything...  
Made me think that I'm gonna try  
I'm gonna try, try, try...I'm gonna try..  
Try, try, try...
