

Love Labours On

Billy Idol

Back through time, I know
You're calling me
For a savior, I know
It's my destiny
So I'm gonna rise
Face the morning sun
Feel it calling me
Wanting me
Believes in me
Love labours on
Love labours on
Back through time, I know
I'm a wanted man
Oh momma, I know
Gave me grace, not to lose
So I'm gonna get up, cleansed
Face the morning rain
I feel it touching me
Healing me
Believes in me
Love labours on
Love labours on

Feel it wanting me
Knowing me
Believe, yeah
Love labours on
Love labours on
Ooh, ooh, are you wanting?
I know 'cause you're calling me, yeah
Are you needing
Yeah, 'cause you need from me
Wanting me
Reaching me
Wanting me
Knowing me
Believes in me
Love labours on
Love labours on

Love labours on
Love labours on
Labours on
Love labours on
Love labours on
