

# Acceleration

## Fear, and Loathing in Las Vegas

When I feel like I'm about out of hell  
I feel my cage is shrinking  
I can see the light from a prison cell  
I can feel the world weeping  
Understand me  
Understand me

Release - Acceleration

When I feel like I'm about out of hell  
I can feel my cage shrinking  
I see the light in the cancer cell  
I can feel the world weeping

Understand me  
Understand me  
White light inside of me  
Acceleration all around

'Til it don't seem  
Like I'm moving at all  
'Til it don't seem  
Like I'm moving at all

Got caught raping an angel  
Got caught stealing  
Fire from the sky  
Got caught raping an angel

Caught, released and I cry  
Release - Acceleration  
Into the arm  
The feelings are

Into the arm  
The feelings are  
Down
