Jaguar

Super Stereo

Jaguar
She's a jaguar
A JaguarSee her across the bar
Beautiful and bizarre
Stands out in a crowd when the music's loud
And she knows just who you areDon't look her in the eye
Don't need to tell you why
Soon as she sees you looking
Might as well say goodbyeWhoa-ahohahoh-ahohahoh-ahohahoh
Whoa-ahohahoh-ahohahohJaguar
She's a jaguar
A JaguarSoon as your covers blown, she'll
Get you all alone
Won't break away, you're the perfect prey
And you can't seem to find your phoneNo sense in hiding now, no
Not when she's on the prowl
You can play dead, you can hang your head
'Cause you don't want to hear her howl, ohWhoa-ahohahoh-ahohahoh-ahohahohYou can call her lady
But she's shady, shady
You can call her cute
But she might just shootYou can call her baby
But she might have rabies
You can call her sweet
But she eats raw meat, yeahWhoa-ahohahoh-ahohahoh-ahohahoh
Whoa-ahohahoh-ahohahoh-ahohahohYou can call her lady
But she's shady, shady
You can call her cute
But she might just shootYou can call her baby
But she might have rabies
You can call her sweet
But she eats raw meat, yeahWhoa-ahohahoh-ahohahoh-ahohahoh
Whoa-ahohahoh-ahohahoh-ahohahoh
Whoa-ahohahoh-ahohahoh-ahohahoh
Whoa-ahohahoh-ahohahoh-ahohahoh
