

# To Fall in Love

**Doug Hoyer**

Hearts can be broken Love turns into pain Eyes can be blinded Love fades away

Why don't you see Why don't you see

Hearts can be broken Love turns into pain So can you give me A reason to fall in love

Words can make you cry When they say goodbye Why don't you see So can you give me A reason to fall in  
love

To fall in love

Maybe it's time to fall in love again Something about the way you look tonight Maybe it's time that I take my  
chances And open up my heart inside

Maybe it's time to fall in love again Something about the way you look tonight Maybe it's time that I take my  
chances And open up inside

To fall in love A reason to fall in love
