Day In The Life Of A Fool

Keith Whitley

Morning comes and I'm alone it's been a year since you've been gone
But it seems like yesterday, you said goodbye
I'm finding ways to pass the time, so I won't lose my mind
But my every waking hour I think of you
That's just a day in the life of a fool
The one who's holding out for only you
Knowing all along your love for me is true
It's just a day in the life of a fool
You would think I'd learn by now, to forget it all some how
But my favorite memories were made with you
So every moment that I have, I live them in the past
Even though there's no way back to the way we were
That's just a day in the life of a fool
The one who's holding out for only you
Knowing all along your love for me is true
It's just a day in the life of a fool
It's just a day in the life of a fool
