

# Endless Ways

[Ryan Bingham](#)

I'ma gettin' so tired of what you say  
You're lettin' this whole world go down the drain  
I'm gonna stand up and say my name  
'Cause I'ma gettin' tired of your endless ways You want more money in your hand  
You want more blood from a foreign land  
I'm gonna stand up and say my name  
'Cause everybody's tired of your endless ways I'ma gettin' so tired of what you say  
I'm gonna stand up and get in your face  
I'm gettin' so tired of what you say  
Everybody's tired of your endless ways Everybody's tired  
Everybody's tired  
Everybody's tired of your endless ways You think your lies will never die  
You think we won't hear the people cry  
You should wake up and hear us say  
Oh, that everybody's tired of your endless ways Everybody's tired  
Everybody's tired I'ma gettin' so tired of what you say  
You're lettin' this whole world go down the drain  
I'm gonna stand up and say my name  
Oh, 'cause everybody's tired of your endless ways
