Only You Can Save Me

Darin

I feel you in the air
Floating through the atmosphere
You're dancing on the stars
You're presence's everywhere
But when I shut my eyes
I see you like you're really there
It's heavy on my heart
When you're not even here
Without you I would fall apart
I'm safe when I am in your arms
And only you can set me free
And only you can save me
Without you I would fall apart
I'm safe when I am in your arms
And only you can set me free
And only you can save me

I can hear your laughter
Echoes in my eardrums
The treble and the base
Kills every inch of pain
The comfort in your voice
Is all I ever need to hear
You take away my fears
I have no other choice
Without you I would fall apart
I'm safe when I am in your arms
And only you can set me free
And only you can save me
Without you I would fall apart
I'm safe when I am in your arms
And only you can set me free
And only you can save me
