

# On The Run

## Kaiser Chiefs

You can run again  
And all you've gotta do, is find the time  
Didn't it make you feel just fine  
When all the time you can  
You can make it every day, and you can run again I feel ten again  
And all I've gotta do is change my shoes  
Ruffle up my hair and wear a pair of 7-2's  
And I'll be there in minutes flat, and I'll feel 10 again All I want is one more go  
And you can take me to the next big show  
And you can tell me when it's time to go  
And you can  
Oohh You can win again  
All I gotta do is cross the line  
Didn't it make you feel just fine  
When all the time you can  
You can make it every day and you can win again All I want is one more go  
And you can take me to the next big show  
And you can tell me when it's time to go  
And you can  
Oohh And you can  
All I want is one more go  
And you can take me to the next big show  
And you can tell me when it's time to go  
And you can ooooh  
And you can ooooh  
And you can ooooh
