

# Kiss Me (Dancemania Megamix)

## E-Rotic

Kiss me, fly me up high  
Want to feel like a Frisbee, high in the sky  
Oh I want you to kiss me, do it all right  
Cause I know that you miss meI dreamed of you  
In so many lonely nights  
With my body and soul  
And I know you were  
Out there in the city lights

Just out of controlHey I walked around and all I found  
Was me myself just losing ground  
I missed you, but I walked on thin ice  
Like a clown in disguise  
All the time there was your face  
You only you can end the race  
Love me, in the heat of the night

Babe I fell like dynamiteOh baby just kiss me, fly me up high  
Want to feel like a Frisbee, high in the sky  
Oh I want you to kiss me, do it all right  
Cause I know that you miss me  
Oh kiss me all over tonightKiss me tonight  
Till you find the secret spot  
Up and down and again  
Baby lay by my side  
And search for the honey pot

I know that you canI'm doin' what you want to do  
You know the stories about me are true  
I'll kiss you, you know I care  
Here and there and everywhere  
Come closer, let me feel your tongue  
It's so good, it can't go wrong  
Together we'll climb the hill

Oh what a thrill, if you willOh baby just kiss me, fly me up high  
Want to feel like a Frisbee, high in the sky  
Oh I want you to kiss me, do it all right  
Cause I know that you miss me  
Oh kiss me all over tonightKiss me, fly me up high  
Want to feel like a Frisbee, high in the sky  
Oh I want you to kiss me, do it all right

Cause I know that you miss meOh kiss me all over tonightKiss me, baby I want it I want you to miss me

Baby I need it I need you to kiss me  
Baby I love you I love you so muchKiss me
