

Searching for That One

Glenn Lewis

Man wasn't meant to be alone
So I'm looking for someone to make this house a home
Someone to enjoy and one to laugh with
She will be my best friend got my best interests
We'll get married and have a couple kids
I can't believe I'm even saying this
But I say it 'cause I'm ready
Can't go back to where I've been[Chorus]
'Cause I done know
4 Kim's,3 Tracy's ,2 Diamonds
But I never known one like you
And I done met 9 Shay's and 8 Jay colors
But never known one like you
I'm right here with open arms
Ready to give my heart
Ready to share my everything with you
I know you out there
Perfectly being prepared
That's why I'm searching for that one that one that might be
Soon as a good I did to your single
To tell the truth I don't like being alone
I mean it's cool for the moment
But there's times when you notice you need somebody to hold
It always feels good just to know you're lost
Support from someone when you need that push
A simple reminder of how great you are
Just want to love
Girl that's what I was waiting for[Chorus]
'Cause I done know
4 Kim's,3 Tracy's ,2 Diamonds
But I never known one like you
And I done met 9 Shay's and 8 Jay colors
But never known one like you
I'm right here with open arms
Ready to give my heart
Ready to share my everything with you
I know you out there
Perfectly being prepared
That's why I'm searching for that one that one that might be
I know you're out there
I'm waiting for you

Waiting for love like never before
I'm gonna let my guard down baby
'Cause there ain't no fair in love
I got faith that you coming
Faith you'll be perfect
Faith that you're made perfectly for me
And I'm working on me baby
To make sure I'm truly ready
To give you all the love that you need[Chorus]
'Cause I done know
4 Kim's,3 Tracy's ,2 Diamonds
But I never known one like you
And I done met 9 Shay's and 8 Jay colors
But never known one like you
I'm right here with open arms
Ready to give my heart
Ready to share my everything with you
I know you out there
Perfectly being prepared
That's why I'm searching for that one that one that might be
