

Annabelle

Macy Gray

All i know of love is what they taught me
I loved all my guns until they shot me My heart, so weak, so heavy, oh yeah
Kiss me, now leave me, My sweet torture
Annabelle Annabelle

I don't want you no more, don't come around here,
Annabelle Annabelle

I don't want you no more Annabelle I looked so damm fine the day I met you
you went right through me and I let you My heart, so weak, so heavy, oh yeah
Kiss me, now leave me, My sweet torture
Annabelle Annabelle

I don't want you no more, don't come around here,
Annabelle Annabelle

I don't want you no more Annabelle---

I tried and I tried and I tried and I tried and I tried
(This is my quit day)

And I lied
(I said that yesterday)

I tried and I tried and I tried and I tried and I tried
(I'm quitting, I'm quitting, 'm fixing to quit)

And I lied
I'm in hell, Annabelle,
Up in hell Annabelle Annabelle

I don't want you no more, don't come around here,
Annabelle Annabelle

I don't want you no more
Annabelle
