## Stilettos

You know why I am here, you know,  
I glow when you are near, I glow,  
I'm taking more than I deserve,  
Because everyone has left me,  
And I'm leaving more than I deserve,  
Because I have gone too far now,  
I know,

Forgive me, I promise I will change,  
For everyone around me,  
Believe me I will not let you down,  
Because I've got nothing left here,  
You know why, you know why,  
I glow now, you know why,  
I glow when your near me, you know,  
Lies rise, let me go, dead in my head
