I Don't Think You Really Mean It (Andrew Rajala)

Retard-O-Bot

I don't think you really mean itIt's the things you say
It's the things you do
It's the things you promise
That never seem to come trueI don't think you really mean it
I don't think you really mean itIt's the things you say
It's the things you doIt's the things you say
It's the things you do
It's the things you promise
That never seem to come trueI don't think you really mean it
I don't think you really mean itQuit your lies
Stop pretending you're chasing your tail
Your feet have been nailed to the floor
The wool's been in your eyes for so long nowI don't think you really mean itIt's the things you say
It's the things you doDon't expect a helping hand
I've turned my head
I've brushed you off
Friends only as good as what they doGet me out of here
Interference is what I need
It all comes back to you
It all comes back to youYou (x8)Get me out of here
Get me out of hereStop lying
Quit pretending you're chasing your tail
Your feet have been nailed to the floor
Wool's been in your eyes for so long, manI don't think you really mean itIt's the things you say
It's the things you do
It's the things you promise
That never seem to come trueI don't think you really mean it
I don't think you really mean itIt's the things you say
It's the things you do
It's the things you promise
That never seem to come trueI don't think you really mean it
I don't think you really mean it
