

# Balding Matters

## Grinspoon

Would you, could you  
Lend a hand with my barbeque  
I've got beer beer  
Get round with your packed up wacky sack  
Balding matters  
Balding matters  
Twist round, sit down  
Leave town like you did the last time  
Feels great, so good  
Yeah, I need you to understand that  
Balding matters  
Balding matters  
Cold  
Cold shoulder  
Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number  
Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number  
Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number  
Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number  
What a fuckin' rort
