Execute Them All

Unleashed

As my final call
Sounds the charge
...to warI hate the universe and everything inside
I detest all I see, nothing pleases my mindExecute them all
It's my final warI hate the sight of you, fashion fake
Joke
I detest every man who cannot stand
AloneExecute them all
It's my final warAs my final call
Sounds the charge
...to warI hate the tales you tell, I don't
Believe a word
I detest the stuf you sell, I'll hunt
You around the worldExecute them all
It's my final warWhen my days are numbered you'll hear
My final call
I'll take their lives away, I'll execute
Them allExecute them all
It's my final warExecute them all
It's my final war
