

# That's Right

Lyle Lovett

And you say you're not from Texas  
Man as if I couldn't tell  
Well you think you pull your boots on right  
And wear your hat so well So pardon me my laughter  
'Cause I sure do understand  
Even Moses got excited  
When he saw the, the promised land That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway Said I was, I was born and raised in Texas  
And it means so much to me  
And though my girl comes from down in Georgia  
We were, were up in, in Tennessee And as we were driving down the highway  
She asked me baby what's so great  
How come you're always going on  
About your lone star state I said that's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway Oh the road it looked so lovely  
As she stood there on the side  
And she grew smaller in my mirror  
As I watched her wave goodbye Those boys from Carolina  
Well they sure enough could sing  
But when they came on down to Texas  
We all showed them how to swing And now David's on the radio  
And old champs still on the guitar  
And uncle Walt he's a home with Heidi  
Hiding in her loving arms That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas

But Texas wants you anyway They're okay in Oklahoma  
Up in Arkansas they're fair  
But those old folks in Missouri  
And they don't even know you're there But at a dance hall down in Texas  
And that's the finest place to be  
All the women they all look beautiful  
And the men will buy your beer for free And they'll say that's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway So won't you, won't you let me help you mister  
Just pull your hat down the way I do  
And buy your pants just a, a little longer  
And next time somebody laughs at you You just tell 'em you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway That's right you're not from Texas  
That's right you're not from Texas  
That's right you're not from Texas  
But Texas wants you anyway  
Texas wants you anyway
