# Mourning Soil

## Amorphis

Feel the ground
the mourning soil
close your eyes and layconfront the passage of time
eternity which you cannot betraybarter away this haziness
down to earth this sparkling distress
thereafter you calling me hallowedbarter away this haziness
down to earth this sparkling distress
thereafter you calling me hallowedsadness eclipsed
passing your heart
calling out the shadows from the darkyou still believe
that your life was empty
and now all that has gonebarter away this haziness
down to earth this sparkling distress
thereafter you calling me hallowedbarter away this haziness
down to earth this sparkling distress
thereafter you calling me halloweddown to earth this sparkling distress
down to earth this sparkling distress
