Lemon Eyes (StÃ©Louse Remix)

Meg Myers

Hush now baby
There's no need to cry
Let me wipe away those lemon eyes
All your worry
Such a waste of time
You can't even see how much you're mine
You're so bitter, bitter, ya bitter YELLOW
Settle, settle, got to settle down OK?
Listen, listen, ya listen YELLOW
It's a killer, a killer, a killer JEALOUSY
Lemon eyes, you're mine
Yellow eyes, all mine
I bet you wanna walk away, run away, look away, turn away
Honey you can't hide
Lemon eyes, all mine
Hold on baby
Careful what you say
You've been drinking someone else's pain
I can't keep on starin' at the sun
Yellow, I will have to bite your tongue
You're so bitter, bitter, ya bitter YELLOW
Settle, settle, got to settle down OK?
Listen, listen, ya listen YELLOW
It's a killer, a killer, a killer JEALOUSY
Lemon eyes, you're mine
Yellow eyes, all mine
I bet you wanna walk away, run away, look away, turn away
Honey you can't hide
Lemon eyes, all mine
All mine
And the doctor said you're fine
All fine
Just a case of lemon eyes
Oh my!
See I told you
You were mine
All mine
Lemon eyes
Lemon eyes, you're mine

Yellow eyes, all mine
I bet you wanna walk away, run away, look away, turn away
Honey you can't hide
Lemon eyes, all mine
