Scary

Psychograss

Ah ah ah a-a-ah a-a-ah.....
(Verse 1)
Baby I don't know how, I'm gonna survive
This fatal attraction, is going to eat my alive
I'm not supposed to want ya, but I do like I die
It's turn me into a monster, like I'm Jekyll & Hyde (Jekyll & Hyde)
I just want your body and I only need a little time
To satisfy this craving that I feel inside
I just want your body and I know that you want mine
You're taking over my mind
(Chorus)
It's scary, yeah
I think I need some hypnotherapy, yeah
Cuz when you stare at me
I wanna take over your body like, like, like it's Freaky Friday
I wanna take you to a dark-place
Make you, make you, make you do it my way
It's scary, yeah
I think I need some hypnotherapy, yeah
This scene is so very
I want you so bad it's scary
Baby I want you so bad it scares me
So scary
So scary
So scary, yeah
So scary
So scary
So scary
(Verse 2)
I don't wanna eat ya, I'll just make you mine
I'm gonna in-feed ya, don't care if it's right
Oh I could just trick ya, till you can't take no more
I've never been so out of control
I just want your body and I only need a little time, (Yeah)
To satisfy this craving that I feel inside
I just want your body and I know that you want mine
You're taking over my mind

(Chorus)

It's scary, yeah
I think I need some hypnotherapy, yeah (Oh)
Cuz when you stare at me
I wanna take over your body like, like, like it's Freaky Friday
I wanna take you to a dark-place
Make you, make you, make you do it my way
It's scary, yeah (Oh)
I think I need some hypnotherapy, yeah
This scene is so very
I want you so bad it's scary
Baby I want you so bad it scares me
So scary
So scary
So scary, yeah
So scary
So scary
So scary, hey
It's scary, yeah
Scary, yeah
Scary
Scary
Scary.....
(Chorus)
It's scary, yeah
I think I need some hypnotherapy, yeah
Cuz when you stare at me
I wanna take over your body like, like, like it's Freaky Friday, (Yeah)
I wanna take you to a dark-place
Make you, make you, make you do it my way
It's scary, yeah (Oh)
I think I need some hypnotherapy, yeah
This scene is so very
I want you so bad it's scary
Baby I want you so bad it scares me
So scary
So scary
So scary, yeah
(Oh so scary)
