I'm Over You

Keith Whitley

Where there's a cloud, don't mean there's rain

Tears in my eyes, don't mean there's pain

Don't flatter yourself

I'm over youThings aren't always what they seem

You can't believe everything you read

On my face

I'm over youYou heard I'm drinking more than I should

That I ain't been looking all that good

Someone told you I was taking it rough

Why they making those stories up

When I'm over youThere were times if you'd been around

You would have seen me broken down

But now you won't I'm over youSo if I seem a little bit cold It only means you've lost the hold You had on me

I'm over youYou heard I'm drinking more than I should
That I ain't been looking all that good
Someone told you I was taking it rough
But why they making those stories up
When I'm over youYou heard I'm drinking more than I should
That I ain't been looking all that good
Someone told you I was taking it rough
But why they making those stories up
When I'm over youI'm over you
