

# Sear Me III

## My Dying Bride

Come to me, comfort me  
Take my hand in your arms  
In your eyes, I will be forever yours  
Bring me down to your bed  
To your dreams  
Take my life, take everything  
Through those meadows of heaven  
Where we ran forever  
I wish, oh, how I wish again  
With you, oh, to be with you
