

# See You In My Nightmares

## Kanye West & Lil Wayne

I'm cold, I'm cold

I'm cold Yeah... yeah... I got the right to put up a fight but not quite

Cause you gut off my light but my sight is better tonight and I might see you in my nightmares

Ohhh... how do you get there? Because we were once a fairytale but this is farewell... yeah I got my life and it's  
my only one

I got the light, I'm runnin from the sun

So goodnight, I made it out the door... door... door... door... door

After tonight, there will be no return

After tonight, I'm taking off on the road... I'm taking off on the road

And that you know

And that you know... tell everybody that you know

That I don't love you nomore and that's one thing that you know... that you know Okay, I'm back up on my grind

You do you and I'm just gon' do mine

You do you 'cause I'm just gon' be fine

Ok-ay, I got you out m, y mind

And the night is young, the drinks is cold

The stars is out, I'm ready to go

You always thought I was always wrong Well, now you know, tell everybody (everybody) that you know

Tell everybody that you know that I don't love you nomore

And that's one thing that you know... that you know Yeah... yeah... I got the right to put up a fight but not quite

Cause you cut off my light but my sight is better tonight and I might see you in my nightmares

Ohhh... how do you get there? Because we were once a fairytale but this is farewell... yeah

Baby girl, I'm finished

I thought we were committed

I thought we were?

I only thought we just?

But now we just repentin'

And now we just resentin'

The clouds is in my vision

Look at how high that I be gettin in it

And it's all because of you

Girl, we through

You think your shit don't stink but you are Mrs. Pee-uuu

And I don't see you with me nu mu

And tell everybody that you know... that you know That you know... tell everybody that you know

That I don't love you nomore and that's one thing that you know... that you know That you know... tell  
everybody that you know

That I don't love you nomore and that's one thing that you know... that you know
