# Summerbreeze

## Johnossi

Once a failure, always a retard
Go through the books just dream
I went to school with an offer for my teacher
He thought, please don't look down on me
But I will, oh oh oh oh

Well I don't care about your modern decoration
In your home so why should you care about mine
I've had enough of this comfort conversation
In my mind you're all retards anyhow

'Cause if you think love will come towards you
Like a warm summerbreeze
You got your head among the clouds
And you will never be free
You'll spend
Many nights alone
I know

If you don't feel the way I do it don't matter
'Cause, I'll never know how you feel
But if you do then sure I'd be flattered
In my mind it's all different anyhow

I think love will come towards me
Like a warm summerbreeze
I got my head among the clouds
And I will never be free
I'll spend
Many nights alone
I know
I know
'Cause I have and I will.
