## Quartette TrÃ©s Bien

See my true reflection  
Cut off my own connections  
I can see life getting harder So sad is this sensation  
Reverse the situation  
I can't see it getting better I'll walk you through the heartbreak  
Show you all the outtakes  
I can't see it getting higher Systematically degraded  
Emotionally a scapegoat  
I can't see it getting better Perverse and unrealistic  
Try to make it all stick  
I can't see it getting better Hollow now, I'm burned out  
All I need to break out  
I can't see life getting higher Love, life, makes you feel higher  
Love of life makes you feel higher  
Higher, higher, higher, higher  
Higher, higher, higher, higher  
Love of life makes you feel higher
