It's so easy to lose all the meaning of who you are
What is your definition of a true superstar?
Is it beauty? Is it money? Is it power? Is it fame?
Are you in it for the glory?
What's the purpose, what's the gain?
Everything you ever wanted got you tied up in chains
Be careful how you play the game Cause the same ones that chose you are the same ones that own you
Same things that built you is the same thing that kills you
Same ones that praise you are the same ones that hate you
Funny how it all goes around If you lose your soul you lose it all
If you're at the top then brace for the fall
Surrounded by faces with no one to call
Funny how it all goes around
If you lose your soul you lose it all
If you're at the top then brace for the fall
Surrounded by faces with no one to call
Funny how it all goes around If you look through a microscope at this messed up world
You would see every scratch
Every flaw
Every ounce of dirt
You so called friends you're leaning on but all they do is take
You say its fine but deep inside you wish you could escape
Everything you ever wanted got you tied up in chains
Be careful how you play the game Cause the same ones that shun you are the same ones that love you
Same ones that shape you are the same things that break you
Same rules that bind you are the same rules that guide you
Funny how it all goes around If you lose your soul you lose it all
If you're at the top then brace for the fall
Surrounded by faces with no one to call
Funny how it all goes around
If you lose your soul you lose it all
If you're at the top then brace for the fall
Surrounded by faces with no one to call
Funny how it all goes around Keep on crying out, don't let me hit the ground
Your soul is crying out, don't let me hit the ground
You keep crying out, Lord, don't let me hit the ground
Your soul is crying out, don't let me hit the ground If you lose your soul then you lose it all
If you're at the top then brace for the fall
Surrounded by faces, no one to call

Funny how it all goes around
If you lose your soul then you lose it all
Surrounded by faces with no one to call
If you're at the top, brace for the fall
Funny how, funny how it all goes around
Yeah Oh
Ooh
Don't let me hit the ground
You keep on crying out
Don't let me hit the ground
Funny how it all goes around...
