

# Red Eyes (Jan 12 2009 - Take 1)

## Switchfoot

What are you waiting for?  
The day is gone  
I said I'm waiting for dawn  
What are you aiming for out here alone?  
I said I'm aiming for homeHolding on, holding onWith red eyes what are you looking for?  
With red eyes, red eyesAll of my days are spent within this skin  
Within this cage that I'm in  
Nowhere feels safe to me, nowhere feels home  
Even in crowds I'm aloneHolding on, holding onEvery now and then I see you dreaming  
Every now and then I see you cry  
Every now and then I see you reaching  
Reaching for the other side  
What are you waiting for?
