

# Pullinâ€™™ Shades

## Volumes

[Intro - Gus Farias]

Fuck[Verse 1 - Myke Terry/Gus Farias]

I'm sick of playin' the fighter

I hold on tighter

Feelin' you let me go (let go)

Under the pressure of silence

? disguises

You still block me at the door[Pre-chorus - Myke Terry/Gus Farias]

I'm in your eyes

And you still can't see me now

I'm in your sight

But you're looking all around

No wonder why I'm so lost and never found

I keep on lightin' the sound

You keep on pullin' shades down (down)[Chorus - Myke Terry/Gus Farias]

I'm in your eyes

And you still can't see me now (see me now)

I'm in your sight

But you're looking all around (all around)

No wonder why I'm so lost and never found (never found)

I keep on lightin' the sound

You keep on pullin' shades down (pullin' shades down)[Verse 2 - Myke Terry]

Stuck in the deal I've been handed

Got me stranded

Forced me to swim or drown

Nothings the way that we planned it

Take for granted

The signs that I leave around

You keep on pullin' the shades down[Chorus - Myke Terry/Gus Farias]

I'm in your eyes

And you still can't see me now (see me now)

I'm in your sight

But you're looking all around (all around)

No wonder why I'm so lost and never found (never found)

I keep on lightin' the sound

You keep on pullin' shades down (pullin' shades down)

[x2][Guitar solo][Chorus - Myke Terry/Gus Farias]

(All around)

I'm in your eyes

And you still can't see me now (see me now)  
I'm in your sight  
But you're looking all around (all around)  
No wonder why I'm so lost and never found (never found)  
I keep on lightin' the sound  
You keep on pullin' shades down (pullin' shades down)  
[x2]
