

# Love Be With You (feat. Gary Lynn Floyd)

## Lainey Bernstein

Altogether, hand in hand  
We see the light we take a stand  
We are changing

A whole new life for you and me  
Take the past and set it free  
Share this blessing

Love be with you  
Peace enfold you  
Spirit lift you  
Breathe it in (breathe it in)  
Truth come through you  
May good flow to you  
Let joy renew you  
'Til we meet again (â€™til we meet again)  
Love be with you

Altogether, hand in hand  
We see the light we take a stand  
And we are changing

A whole new life for you and me  
Take the past and set it free  
Share this blessing

Love be with you  
Peace enfold you  
Spirit lift you  
Breathe it in (breathe it in)  
Truth come through you  
May good flow to you  
Let joy renew you  
'Til we meet again (â€™til we meet again)  
(x2)

Love be with you (x3)
