

# Daytime Friends

[Kenny Rogers](#)

And he'll tell her - He's working late again  
But she knows to well there's something goin' on.  
She's been neglected - and she needs a friend  
So her trembling fingers dial the telephone. And Lord, it hurts her - doin' this again  
He's the best friend that her husband ever knew.  
When she's lonely - he's more than just a friend  
He's the one she loans her body to. Daytime friends and nighttime lovers -  
Hoping no one else discovers  
Where they go - What they do -  
In their secret hideaway Daytime friends and nighttime lovers -  
They don't want to hurt the others  
So they love - In the nighttime -  
And shake hands in the light of day. And when it's over - there's no peace of mind  
Just a longin' for the way things should have been.  
And she wonders - Why some men never find  
That a woman needs a lover and a friend. Daytime friends and nighttime lovers ...
