

# Big Bad Wolf

## Lana Del Rey

I told you not to go into the woods,  
I told you that he wasn't any good  
I told you not to go into the woods,  
I told you that he wasn't any good I'll take the wrong path,  
I think I'll go a little off track.  
And now there's no way back,  
You took all the apples that I had.  
But I heart you and I wanna be your girl.  
I heart you and I know you'll rock my world 'Cause you rock, rock, rock, rock, rock  
You know that I want what you got.  
You rock, rock, rock, rock, rock  
Big bad wolf come on and eat me up, up, up  
(I told you not to go into the woods) Big, bad, naughty rock star  
Your claws are shining bright in the dark.  
Lifting up my little red skirt,  
I know you'll leave me here in the dirt.  
But I heart you, and I wanna be your girl  
I heart you, so come back and rock my world 'Cause you rock, rock, rock, rock, rock  
You know that I want what you got.  
You rock, rock, rock, rock, rock  
Big bad wolf come on and eat me up, up, up  
(I told you not to go into the woods) Life is like, like a little game,  
That we like to play, just for fun, just for fun  
Yeah, we take nothing seriously, nothing's wrong, make me run, all night long.  
Hide and seek is how you play with me,  
Oh, you're tempting me, just for fun, just for fun  
I hear you calling me over city streets, through the trees, mess with me, then you'll leave.  
Oh, be still my heart, escaping in your cherry red car 'Cause you rock, rock, rock, rock, rock  
You know that I want what YOU got.  
You rock, rock, rock, rock, rock  
Big bad WOLF come on and eat me up, up, up 'Cause you rock, rock, rock, rock, rock  
You know that I want what YOU got.  
You rock, rock, rock, rock, rock  
Big bad WOLF come on and eat me up, up, up
