

Recognize (feat. Drake)

PARTYNEXTDOOR

Gotta get real again, gotta get real again

No, you got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I want you
I want you, to turn up on me
Recognize when I see you
Better recognize when I see you
I really want you, you, you
Hit the club for you, you, you
Lightskin got you new, new, new
Even look like Lauryn Lauryn too
I be tripping with this money, ay
Hit the strip check my money lay
Sorry if my whip covered in dank
Cause I be rolling with this skunk all day
All these bitches know that you my nigga
Ain't tripping off of any of your niggas
I only care about you, four niggas
Five niggas, six niggas, I ain't give a shit about shit, nigga
Oh girl

No, you got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I want you
I want you, to turn up on me
Recognize when I see you
Better recognize when i see you
I really want you, you, you
Hit the club for you, you, you
Lightskin got you new, new, new
Even look like Lauryn Lauryn too
I be tripping with this money, ay
Hit the strip check my money lay
Sorry if my whip covered in dank
Cause I be rolling with this skunk all day
All these bitches know that you my nigga

Ainâ€™t tripping off of any of your niggas
I only care about you, four niggas
Five niggas, six niggas, I ainâ€™t give a shit about shit, nigga
Oh girl

Girl you must be doing magic
Girl you must be doing magic
Turned fucking you into a habit
I could do a lot of things any other man
Wonâ€™t do for you, I do for you
When I hit you at Chicago real late
Cause in the city you straight
Then cut you like his cake
I got that feeling for you that feeling that you crave
Each time I do it for you, I make that bad pussy behave
Now pop it, the bottle, the top is so open
The budget Iâ€™m Party so fuck it
The concierge just told me my baby looking like LeToya Luckett
Let my money get older and older and older like Regis
And she will not fuck with no broke niggas, no, nigga, only the richest

No, you got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I want you
I want you, to turn up on me
Recognize when I see you
Better recognize when I see you
I really want you, you, you
Hit the club for you, you, you
Lightskin got you new, new, new
Even look like Lauryn Lauryn too
I be tripping with this money, ay
Hit the strip check my money lay
Sorry if my whip covered in dank
Cause I be rolling with this skunk all day
All these bitches know that you my nigga
Ainâ€™t tripping off of any of your niggas
I only care about you, four niggas
Five niggas, six niggas, I ainâ€™t give a shit about shit, nigga
Oh girl

Yeah shout out girls from the east who know whatâ€™s good with me
Shout the oneâ€™s from the west know whatâ€™s good with PND
Stories of you and your girls is all I hear

Who do you fuck in the city when Iâ€™m not there?
(I owe you time) letâ€™s plan something out when I come back from Europe
Swear Iâ€™m withholdinâ€™ my urges until you get this one-on-one time shit like your name Katie Couric
I gotta get you those snow tires for your Mercedes, Iâ€™m glad you reminded me baby
All of these things slip my mind itâ€™s been crazy
Bite on your shoulder I know thatâ€™s your favorite
Touching yourself to that video we made a month ago
You a freak and your coverâ€™s blown
How you told me innocent and I told you I never know
Fuck it girl, Iâ€™m â€˜bout whatever though
Yeah I guess a nigga just believe in you
And thatâ€™s cool for you
Could name a lot of things any other man wonâ€™t do for you
Iâ€™ll do it for you, thatâ€™s real

No, you got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I want you
I want you, to turn up on me
Recognize when I see you
Better recognize when I see you
I really want you, you, you
Hit the club for you, you, you
Lightskin got you new, new, new
Even look like Lauryn Lauryn too
I be tripping with this money, ay
Hit the strip check my money lay
Sorry if my whip covered in dank
Cause I be rolling with this skunk all day
All these bitches know that you my nigga
Ainâ€™t tripping off of any of your niggas
I only care about you, four niggas
Five niggas, six niggas, I ainâ€™t give a shit about shit, nigga
Oh girl
