

Water and Wine

[gina kaz](#)

i'll make love like we're on fire
i'll wash in fine flowers
i'll live in peace with my neighbors
i'll remember my blessings

rows of water and wine
i'll crawl upon my altar
and become my echo
i'll become my echo

i will kiss what is hurt
we can heal anything
oh i'll be the moonlight and you be the wind
let's play like we were kids

rows of water and wine
i'll crawl upon my altar
and become my echo
i'll become my echo

can you taste the divine?
a moment can change your life
from inside we shed and are open
i am your reflection you are mine

rows of water and wine
i'll crawl upon my altar
and become my echo
i'll become my echo

rows of water and wine
i'll crawl upon my altar
and become my echo
i'll become my echo
