Desperado

Alice Cooper

I'm a gambler And I'm a runner But you knew that When you lay downI'm a picture Of ugly stories I'm a killer And I'm a clownStep into the street by sundown Step into your last goodbye You're a target just by living Twenty dollars will make you dieI wear lace And I wear black leather My hands are lightning up On my gunMy shots are clean And my, my shots are final My shots are deadly And when it's doneYou're as stiff as my smoking barrel You're as dead as a desert night You're a notch And I'm a legend You're at peace And I must hideTell where the hell I'm going Let my bones fall in the dust Can't you hear that ghost that's calling As my Colt begins to rust In the dustI'm a killer I'm a clown I'm a priest That's gone to town
