

# You've Got Me (Reprise) [feat. Maranda Curtis]

## Jason Nelson

You are creator of everything  
Yet you are mindful of even me  
You have all power and authority  
So it's amazing that you think of me  
You got me in the palm of your hand  
And consider me in your plans  
Oh Lord, you got me, you got me  
I am saved, I am saved  
No enemy can conquer me  
You guaranteed the victory  
You have all power and authority  
So it's amazing that you think of me  
You got me in the palm of your hand  
And consider me in your plans  
Oh Lord, you got me, you got me  
I am saved, I am saved  
You got me in the palm of your hand  
And consider me in your plans  
Oh Lord, you got me, you got me  
I am saved, I am saved  
In your name I am free  
When I call you answer me  
And even tremble if we are  
In your name there is  
You got me in the palm of your hand  
And consider me in your plans  
So we say Lord, you got me Lord, you got me Lord  
You got me Lord, yes, you got me Lord  
Yes, you do, yes, you do  
I am safe with you, you got me Lord  
I'll hold your hand  
I'm staying with you  
You got me covered  
I'm safe with you  
You got me, you got me  
I'll hold your hand  
I'm staying with you  
'Cause you got me covered  
Yes, you do, yes, you do  
I'm safe in your hands  
You got my back, yes, you do  
You got me covered  
Got me covered  
Said you got me

Put your hands together now  
Come on put your hands together  
Put your hands together now
