

Wants Out

[Martin Sexton](#)

So I tried and I failed
My ship came in and it sailed
Sleep til noon up till dawn
Once had hope now its gone
My heart is a thundercloud
Rain wants out
It wants out
It wants out
I dont smoke I dont drink
I dont feel I dont think
Gave up love long ago
I just thought you should know
My heart is a burnin house
And the fire wants out, yeah
My heart is a burnin house
And the fire wants out
Wants out
It wants out
You can try I dont care
Im broke beyond repair
Go ahead be my guest
Cant get any worse, so do your best
My heart is a thundercloud
And the rain wants out
My heart is a burnin house
And the flame wants out
Wants out
It wants out
It wants out
It wants out
