

# Attitude Adjustment

Hank Williams Jr.

This girl that I knew  
She loved me and blew me away  
We made love no doubt  
But she never went out of her way  
I keep wonderin', I keep wonderin' why  
Do the wings of your butterfly  
Lightenin' thunder  
I keep wonderin' why  
Hey I think you need an attitude adjustment  
Knock-down drag out  
I got to make myself a latitude adjustment  
With or without  
I was rather naive  
So I didn't believe when you said  
Our love is in jail  
Honey you hit the nail on the head  
Well I keep wonderin', I keep wonderin' why  
Do the wings of your butterfly  
Lightenin' thunder  
Ain't no wonderin' why  
Hey I think you need an attitude adjustment  
Knock-down drag out  
Don't you ever baby, wonder where the lust went  
With or without  
Now I know what it is  
Cause I know what you are  
No more cryin' eyes my friend  
Excuse fuckin' moi  
No more wonderin'  
I got news for you  
Hey I think you need an attitude adjustment  
Knock-down drag out  
I gots to make myself a latitude adjustment  
I'm headin' south  
Yeah I think you need an attitude adjustment  
From inside out
