

What I Have to Offer (Live At KEXP)

Eels

What I have to offer
Well, there's a lot
Now I'm a modest man
But look at all I got For all the wear and tear
I look okay
I got good manners
And I make good, good pay And you know I'm all full of love
For you What I have to offer
Well, there's so much
I care and need your really
Tender touch I got a pleasin' disposition
And I don't care about
Football or fishin' And you know that I'm all full of love
For you What I have to offer
Well, check it out
I've learned some things
And I know what it's about I'm quite discerning and
I'm pretty smart
It takes an awful lot to
Win my heart But you know that I'm so full of love
For you
