Twenty on my wrist

Million dollar luck ah

Call me lil' baby but you ain't know it was CMB

I floss everyday wootay

Knowin' to shine like a crushed wine face rolie

What the deal on the real it's all about scrill

Pretty grills, pretty broads, and plenty mills ah

Ridin to myself up in my baby benz

Playin' tens, goin shoppin with my lady friends

Flyin' to Nashville, me and bob splittin eighty

Then I chill on Washatona with Slim and Baby

See the \$ on my back symbolize my click

See the \$ around my neck symbolize we rich

Always wonderful, but Baby gotta see it to beleive it

All this ice and rich heights man it's off the heezy

Fifteen and I'm workin' wit a hundred and better

And you can put that on my diamond Gucci bezzel

What(Chorus)2x

I got ten around my neck (mm mm)

And biggets on my writst (*Bling*)

See we ball till we fall (la la)

Livin' a millionaires dream (wootay)Verse:2

Havin 'em saying cashmony worth figures
And tippin 'em just like Suge Knight did 'em
And I done did my dirt in the process tryna' make millions
See I done did alot of shit in my lifetime
Like, makin' money, committing these stupid crimes
But I still got my ghetto stripes
When i'm pimp in the game
'cause, I love to hustle all through the night
'cause, when i hit my block it's like the pope done stopped
I have them lil' childeren sayin
"Baby please don't stop"
Worth six figures and i'm rich and these hoes and right
Hustlin all night so lil Bryan can eat right
