

# Burn in Hell

## Judas Priest

Speak to me  
Of those days I won't forget  
Your worst dreams  
Has just returned, to pay you back  
I'm still laughing  
There's not much else I can do  
But one's thing's certain  
I'm coming back for you Have you got a gun  
Do you remember well  
Who you used it on  
It's time to burn in Hell Say my name  
I can hear you whisper  
Not to blame?  
You are going to blister  
Scream in the night  
I've been counting the days  
It's so amusing  
To see you again Have you got a gun  
Do you remember well  
Who d'ya use it on  
You're going to burn in Hell Die  
Why?  
Time to pay the price  
Kill  
I will  
Have my sacrifice Plead  
With fear  
I am getting near  
Friend  
Liar  
Time to eat some fire Have you got a gun  
Do you remember well  
Who d'ya use it on  
You're going to burn in Hell Burn in Hell  
I can hear you whisper  
Burn in Hell  
You are going to blister Have you got a gun  
Do you remember well  
Who d'ya use it on

You're going to burn in HellBurn in Hell

I can hear you whisper

Burn in Hell

You are going to blisterSnarl like a dog

You'll scream like a banshee

Stuck like a hog

You're gonna love meBurn in Hell

I can hear you whisper

Burn in Hell

You are going to blister

Burn in Hell

Screaming like a banshee

Burn in Hell

Burn
