

Who Are You

Who Are You
High Heels & Sneakers
Lyrics by Tess Henley
Forgive me if I come across a bit bolder,
But I dont think that I could take it any longer.
Theres a lot
Of big talk,
But I aint seen enough walk. Now I can understand youre out on your hustle,
But we all tryin' to make it in the same struggle.
Lets make a deal,
Keep it real.
Holla if you feel. (Chorus)
Someone tell me
Why do we
Consume ourselves with where we need to be?
On your marks, set,
Tryin' to get ahead.
We all want our names heard but cant recall who we just met. Cant remember your name,
Aint that a crying shame,
Cant remember your name,
Oh, what a shame.
Who,
Who,
Who, who, who are you? Fighting for this love is making me a monster.
Tryin' to keep my sanity with every empty offer.
What happened to
The value
Of whats real and whats true? Hype yourself up, or else you get caught up
In the shuffle.
Paying dues up dont always make the cut
Unless you got a shovel.
Chasing fame,
Dropping names,
What a tainted game. (Repeat Chorus) Cant remember your name,
Aint that a crying shame,
Cant remember your name,
Oh, what a shame.
Who,
Who,
Who, who are you? Cant remember your name,

Aint that a crying shame,
Cant remember your name,
Oh, what a shame.
Who,
Who,
Who, who are you?
