

Losin' It

Soul Asylum

Go ahead, spit it out, I can take it
Don't do this, don't do that, try and fake it
I, I, I have seen it all
Tell me there's something wrong, make me see it
How I try, I must be wrong, it must be me
I, I, I have been wrong before
And I confess that I am having a hard time
And I confess that your hard time's harder than mine
When it's over when it's over, I'm coming over
Use your shoulder, soon be over
But I'm losin' it, losin' it, losin' it, losin' it, losin' it, losin' it
Suck it up, rip it out, still I'm learnin'
Light it up, put it out, keep it burnin'
I, I, I've been burned before
Come on out, I know you can make me happy
Little smile just ahead, make it happen
I, I, I have smiled before
And I confess that I am having a hard time
And I confess that your hard time's harder than mine
When it's over when it's over, I'm coming over
Use your shoulder, soon be over
But I'm losin' it, losin' it, losin' it, losin' it, losin' it, losin' it
I'm losin' it, losin' it, losin' it, loose it, loose it, losin' it
I am having a hard time
