We Can Get Through This

Kevin Sharp

A simple disagreement over something so small
That's how it always starts it ain't no one's fault
We both had to be right that's when it all went wrong
Making something out of nothing when we should have been holding onBut we can get through this, we can ride it out
Love's what we're about, we've been deeper down
This is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through thisGet out of that rain, baby come inside
We're gonna kiss and make up if it takes all night
Let a little misunderstanding turn into a great big war
Talk about quitting we're forgetting what it really is, that we're fighting forWe can get through this, we can ride it out
Love's what we're about, we've been deeper down
This is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through thisA little more forgiveness, tenderness alrightWe can get through this
This is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through thisWe can ride it out, love's what we're about
We've been deeper down, this is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, we can get through thisWe can ride it out, love's what we're about
We've been deeper down, we can get through this
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through this
