

# Kill (Those Who Oppose Me)

## Lost Society

Skin the welfare to the bone  
Look around you, you will know  
Sleep with a gun in your hand  
Or get buried in the sand  
Fell me fucking up your mind  
Everyday and all the time  
You're really shit outta luck, now burn in hell  
You ugly fuck  
It's a filthy rotten life  
Kill the children, beat the wife  
Put a bullet to their head, 'til they're nice and dead  
Fear the violence, love the gun  
Pull the trigger then you'll run  
Cowards leave all as one leaving their job undone I got one thing to say, motherfuckers  
KILL, those who oppose me  
KILL, those who deny me  
KILL, those out to get me  
KILL, those who oppose me You think you're better than me  
I respect your honesty  
Now listen, go home and cry  
How 'bout you fucking die My pleasure is your pain  
How long 'til you go insane  
I'll stab you in the back  
Don't you know I'm a maniac  
Doublecross me, that's okay  
Just say it to my face  
Well bitch this is your fate  
I'll see you in the grave I got one thing to say, motherfuckers  
KILL, those who oppose me  
KILL, those who deny me  
KILL, those out to get me  
KILL, those who oppose me You think you are my boss  
Well that's your fucking loss  
You think you are my friend  
Well think again I got one thing to say, motherfuckers  
KILL, those who oppose me  
KILL, those who deny me  
KILL, those out to get me  
KILL, those who oppose me DIE
