

Frontside

Buckcherry

It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
The cold sweat, the presentation
The fighting and this head of mine
Tone deaf and out of place in another state
And I'm back on the front line
We never see you when you're
Fallen breath left hypnotized
Can't quite deliver it
So stay with this and you'll feel the front side

It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
A short life, the face invaders
The heartaches and my state of mind
I can't wait to turn out late
And get so fuckin' out of line
We never see you when you're
Fallen breath left hypnotized
Can't quite deliver it
So stay with this and you'll feel the front side

It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
Oh yeah, yeah, yeah, yeah
Oh yeah, yeah, yeah, yeah

You take my energy, destiny
Eat me up 'cause you're starving lady, starving lady, lady
Got all your blasphemy, sodomy
Beat me up 'cause you like it baby, like it baby, baby
It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
It's after midnight
The sucker's faded
Turn out the porch light
And feel the front side
Feel the front side
Feel the front side
Feel the front side
Feel it
