

# Rootin' Ground Hog

Sonny Boy Williamson

Now I'm a walkin' groundhog, mama and I walks around in my den  
Now I'm a walkin' groundhog, mama and I walks around in my den  
Now if I come out and see my shadow, John I believe I'll go back in Now I want some feedin' mama, so I can  
hear a high sound  
If you don't feed me baby I believe I'll go back in the ground  
Because I'm that walkin' groundhog, mama and I walks around in my den  
Now if I come out and see my shadow you say you don't love me, I believe I'll go back in Now I wanna hear  
some swingin' music, I wanna hear a Fats Waller song  
Now if I start to jitterbuggin' I'm forgettin' my hole down in the ground  
Because I'm that walkin' groundhog, man and I walks around in my den  
Now if I come out and see my shadow my woman don't love me, I believe I'll go back in Yes John, you know  
what I mean...  
Oh you know I'm a-walkin' wild...
