Call The Hearse

Bushman

IntroMankind nuh easy
Mankind is crazy1. Rinsing shot in head
No need to ball, no need to beg
Ganster nuh save lead
Another skull buss
Madden receive another gunman dead
Family and friends once more fish and breadChoSomebody call the hearse
Cause the body is getting stink
It needs to leave the turf
Make it quick because its getting rather worse
Ganster nuh pet nor powder gunman neither nurse
Caw dem gun nuh join lodge, nor it dont join church2. Now I realise
Is just pure war, and just pure crime
Mankind is crazy
Man keep bussing glock
And man keep bussing dem tek nine
Mankind aint easy
As another skull buss
Madden receive another gunman dead
Family and friends once more fish and bread3. Thinking back in time
When killing guys was on my mind
I realised
Dash way the tek nine
And take away the forty five
And let love shine
To the highest mountain
Cause as another skull buss
Madden receive another one dead
Family and friends once more fish and bread.Cho
