

Praise His Name

Patrice

It's in the way we walk, the way we talk
The way we do things from the heart
When we're being who we really are
That's the way we're praising the Lord Praise your name
Without shame
With melodies
That make the people believe
Make them believe
With a firm grip you keep that sand in your hand
Until it slips all through your fingers again
By moving fast, you think the world moves slow
Wake up, man, you ain't got no control
So, I've seen it many times
And we always come over
'Cause we don't quit
No, we don't stop
And we don't scare
I've seen so many signs
And now I know what to go for
'Cause we don't quit
No, we don't stop
(We don't stop)
And we don't scare
Praise your name
Without shame
With melodies
That make the people believe Praise his name
Without shame
With melodies
That make the people believe
