I'm on a million dollar trip
and it's making me sick
infected and tired
I'm in need for help
I'm in need for help
in need for trust
in need for love
in need for lust
yeah
get me up, help me out yeah
all the things I did was for you
yeah you
yeah you
get me up help me out
get me up help me out
all the things I did was for you
all my energy is lost
I think I've used it all too much
I'm pale and I'm sore
I'm in need for help
